Sol ad o ni com

01:59
this is Dr. Sol Adoni that's S O L A D O N I

02:03
I am also known as SOLLOG go to my

02:09
site SOLLOG .com that's S O L L O G my most

02:14
recent article is about the massive UFO

02:19
disclosure that the government brought

02:23
about Memorial Day 2019 you haven't

02:28
heard it all the major media has been

02:30
running an article about how the US

02:33
military is admitting UFOs are real no

02:39
people I've been saying this for 25

02:42
years I've written books on it produced

02:45
films on it and then finally the

02:48
military saying yes our pilots see UFOs

02:51
all the time they're unexplainable

02:54
whether or not they're from Earth the

02:57
advanced race that's hiding in Hollow

03:01
Earth or north pole or South Pole or in

03:05
the oceans or if they're ETS from

03:07
another planet they're not saying but

03:10
the little lights and the ships and the

03:13
crafts that everyone's been seeing

03:15
around the world is absolutely real

03:18
according to the US military now if you

03:22
go to my site solid Oni comm that says

03:25
so la do and I dot-com you can see my

03:28
lead article it's about how the US

03:31
military admits UFOs are real you click

03:35
on that article and this video will be

03:38
on this page after it's made well see I

03:41
discuss the various books and movies

03:46
I've written and then there's disclosure

03:47
links like to the New York Times article

03:50
so you can see here the New York Times

03:52
clearly talking about military pilots

03:57
are admitting UFOs are real Washington

04:01
Post CBS News Fox News even the Rolling

04:07
Stone talking about the Apocalypse

04:11
pilots are admitting UFOs are real so

04:16
people if you want to start reading what

04:18
the mainstream media is blowing smoke up

04:22
your ass now about that those in the US

04:26
fo community have known for decades you

04:29
see the New York Times disclosing what

04:32
pilots they're speaking to and they have

04:34
even a little video showing a an

04:38
unexplained craft and the pilots are

04:40
basically laughing at it like how fast

04:43
it's moving nothing they have can do

04:47
these type of things etc etc Washington

04:50
Post UFOs exist and everyone needs to

04:53
adjust to that fact so all of a sudden

04:56
the mainstream media which is a tool of

04:59
all the governments of the world is

05:00
telling people look people these lights

05:03
in the skies are real the average human

05:08
is so brain-dead they haven't even

05:10
realized that this disclosure has been

05:12
made CBS News US Navy pilots reportedly

05:17
spotted UFOs over East Coast New York

05:23
Magazine another article right here Navy

05:27
pilots seeing UFOs on a daily basis Fox

05:33
News warmer you have US defense

05:37
officials we know UFOs are real

05:40
so people disclosure has been made the

05:43
US military is saying it's real now for

05:47
years people like myself who write books

05:49
and make movies about UFOs have been

05:51
using stuff like this at the CIA site so

05:55
this is CIA gov they're one of their

05:58
famous releases about UFOs a bunch of

06:02
blurry pictures from the 50s and 60s

06:05
pointing to UFOs what a joke that's

06:09
their disclosure but the CIA library

06:13
does have hundreds of releases you can

06:16
go to their site their library about

06:20
UFOs and you can see all the articles

06:23
the CIA

06:24
as released over the years under the fo

06:27
I a Freedom of Information Act

06:29
so people there's information that's

06:32
there it's heavily censored but the big

06:35
disclosure was Memorial Day 2019 May

06:39
2729 Teen People the military threw up

06:43
their hands and say yeah we see these

06:45
things daily and you don't know what

06:46
they are well let's go back to my site

06:50
you can see I've been writing in about

06:53
these phenomena for years here's one of

06:57
my books first book I did on it called

07:00
UFOs the proof click that link and if

07:03
you want to read that book here's the

07:06
book UFOs the proof it's been around for

07:09
decades people it was the basis for the

07:11
film grill UFOs by my film company so

07:14
UFOs the proof I went through the whole

07:17
history of mankind from cave paintings

07:20
and ancient art and Middle Ages are

07:25
showing UFOs have been recorded by

07:28
humans all over the planet for thirty

07:31
thousand years people this phenomena has

07:33
been going on so they've been around and

07:37
now the mainstream media has been

07:39
allowed to do an interview with the

07:42
military and they're saying yes UFOs are

07:45
real I've been telling you that for

07:48
years now here's an interesting book you

07:50
read my encounter with the grey alien so

07:54
very aliens my encounter this book I

07:58
explained way back in 1995 yes I had a

08:01
direct encounter with grey aliens I mean

08:06
explain the surgery they did on one of

08:07
my eyes which they used to communicate

08:11
with me where I could go around and walk

08:13
into a bookstore and my eye they

08:16
operated on would flash like a little

08:17
white light it lead me to a specific

08:20
book to a specific page and then I would

08:23
read the information that the greys

08:25
wanted me to read and it's why I've

08:27
written over a hundred books

08:28
well I've rewritten laws of physics okay

08:31
so I was a contact II I had surgery on

08:36
my eye I don't

08:38
the effect anymore but as a young man

08:41
when I first started my career

08:43
disclosing this information I was

08:45
clearly led by Grayling's I've also been

08:48
led to believe the Grays aren't from

08:52
another planet they're from our distant

08:54
past and they were part of Atlantis they

08:57
were they were created to guard the

08:59
Atlanteans wrote a series of books about

09:02
The Chronicles of the Atlanteans all the

09:06
lantus so you can go read that book is

09:09
considered a fiction series but it's

09:11
basically based on my astral projections

09:16
that I use when I meditate about what

09:19
went on on this planet so here's my site

09:21
about Atlantis The Chronicles of the

09:24
Atlanteans and the netbook that explains

09:27
how the graves were created to basically

09:29
protect the Atlanteans going back to my

09:34
site here if you want to watch the

09:36
movies I've done first movie I did

09:39
decades ago real UFOs based on my book

09:42
UFOs the proof so you can watch this

09:46
movie real UFOs Tony films one of my

09:50
companies or you can watch Roswell the

09:53
proof film I produced for W films based

09:56
on de Alexander's book Roswell the proof

09:59
so here's some free films people go

10:03
there and you can see what I've been

10:04
saying about what now the military and

10:07
US government is admitting Israel UFOs

10:10
are phenomena they don't know if they're

10:13
from Earth or ETS or whatever I'm

10:17
telling you people easy

10:19
these greys are from Earth they're

10:22
connected to Atlantis and that's my take

10:26
of it so this is the article you can

10:30
read it's got the disclosure links you

10:34
can read what major media's reporting

10:37
but this is considered in the future the

10:42
beginning of disclosure for UFOs now

10:46
lard-ass Trump be questioned this week

10:49
about UFOs while he's watching fat

10:52
whoa boys wrestle in Japan when he gets

10:54
back from Japan and golfing well the

10:58
media dare to question them they Navy

11:01
pilots are saying UFOs are real this why

11:04
Donald Trump started the space military

11:07
the space force I mean the technology is

11:12
out there people they're buzzing our

11:14
skies they've been buzzing our skies for

11:16
years and I believe it's all connected

11:20
to what's going on in the near future

11:24
with an asteroid strike

11:26
you know the asteroid damo be my

11:29
sighting it explains what I feel is

11:32
coming in the very near future shortly

11:34
after 2022 a major impacts gonna happen

11:37
so maybe the greys are trying to help

11:40
some of cymatics some of humanity

11:42
survive disaster would strike these are

11:48
interesting times people the disclosure

11:53
wasn't as big as it could have been but

11:56
you have US pilots now US Navy pilots

12:01
emitting almost daily they were seeing

12:04
UFOs that they can't explain especially

12:07
when they moved over to the new type of

12:09
radar that can see in different

12:12
spectrums of light that's when they

12:16
started picking up these crafts compared

12:19
to old radar so our technology is now

12:21
clearly spotting these things and

12:24
they're maneuvering at speeds and in

12:28
directions that normal military craft

12:33
can't move in so they're defying the law

12:35
of physics as the Navy pilots in the

12:38
Articles put it the people disclose your

12:42
hat happened congratulations you now

12:46
know UFOs are real and if you're a moron

12:49
and you want to go around and say to

12:51
people they're not real I hope someone

12:52
kicks your ass just like the morons that

12:56
say we didn't go to the moon the moron

12:59
said that's a Buzz Aldrin and he knocked

13:01
the guy out

13:04
for harassing him he went to so people

13:11
go to my site look at my movies they're

13:15
up online for free read my books you a

13:19
pose or real they've been here a long

13:21
time and I'm telling you my

13:24
interpretation is they've been here a

13:27
long time they were created by what we

13:29
call Latins and you know they were to

13:33
monitor the primitives on the planet

13:35
that's modern humans so that's why

13:38
they're here they're a hybrid being you

13:43
know a collective high mentality a

13:46
biological body connected to a computer

13:49
so they're half computer half biological

13:53
mass that's what I was given the

13:56
impression as to what they are this was

14:01
Dr. Sol Adoni AKA SOLLOG go to my site
